

A bit about yourself - a mini 3 sentence summary that an employer can read to 'get to know you'. This can be useful so that they can read about you 'at a glance'. It is also a chance for you to sell yourself! If you leave out the line defining *recent history*, then this section will not appear.

Experience

2009	Office Manager, ACME Inc. • A very short line • A very long line to show that wraps. Note that by using the <i>addtimelinebullet</i> command, the indentation is also fixed.
2007	CEO, San Antonio Spurs • You can even use a list inside a <i>timeline</i>! 1. List item 1 2. List item 2 • Just make sure you throw in a <i>par</i> when you add an item after a list otherwise following <i>addtimelinebullets</i> will be indented strangely • A little bit of care needs to be taken with the length of your timeline items, as as page breaks will not occur within a <i>timelineitem</i>

Skills

- Computers and stuff
- Basically you can build the rest of your document however you would like
- Just use the header styles to maintain formatting (the word formatting was formatted using the *addcallout* command).
